OBJECTIVE

Aspiring Software Engineer and Software Development engineer with experience in fullstack development and AI systems, skilled in Java and MERN Stack, and automation concepts with exposure to CI/CD pipelines, API testing, and scalable application development. Passionate about ensuring software quality through automation, efficient leading strategies, and an Agile Environment. Adept at Collaborate, Articulating ideas clearly, and taking Responsibility for delivering Predictable outcomes through Innovation and Innovative Technology.

EDUCATION:

- **Bachelor of Computer Science and Engineering** with Honour in Data Science (**GRADUATION : 2026**) (**No backlog**)
Nadar Saraswathi College of Engineering and Technology, Theni
CGPA- **8.63** (7th semester)
- **HSC (2020-2022) : 89%** • **SSC (2019-2020) : 92%**

SKILLS

- **Programming Languages:** Java, Python, SQL, C Programming, Javascript.
- **Software development:** Data structures, Algorithms, object oriented programming(OOP), Problem solving, complexity analysis.
- **Databases:** Mongo DB, MySQL, Firebase, PostgreSQL.
- **Framework and tools:** Rest APIs, Git, CI/CD pipelines, Postman, Cloud.
- **Fullstack:** MERN stack, MEAN stack, Microservices, distributed systems, System design basics, Rest API.
- **AI/Machine Learning:** PyTorch, TensorFlow, Computer Vision, LLM Integration(**Hugging Face**), RAG.

PROJECTS

- **ERP-PRO Accounting website with AI** - [https://github.com/Vijayakash-588/Tally_E_commerce-main]
- Built a ERP software of Tally app features using **React** and **Node js** with **postgreSQL** integrated with **MCP** server.
- Applied **Object Oriented Design** principles and **Algorithm Design** thinking to improve **Optimisation** of workflows across **Relational Databases**.
- **Health Monitoring Web Application** - [<https://github.com/Vijayakash-588/Health-Tracker-using-angular>]
- a Health Monitoring Web App built with **Angular**, **Node.js**, and **MongoDB** for tracking steps, heart rate, and diet. Designed with a **Linear** workflow for data capture and reporting, while supporting **Indexation** and **Distributed Storage** patterns for faster access and **Fault Tolerance** in user records.
- **Appointment scheduler app** - [<https://github.com/Vijayakash-588/appointment-scheduler-app>]
- **Production-ready** Appointment Scheduler App using **React Native** and **Node.js** to streamline staff-principal communication easily. Built for an **Agile** delivery model, enabling teams to **Collaborate** effectively and maintain **Responsibility** for predictable releases and management of updates.
- **Shirt TRY-ON Presentation** - [https://github.com/Vijayakash-588/Virtual_shirttracking]
- AI Shirt Try-On System using **Python** and **OpenCV**, **Pytorch** and **Tensorflow** for virtual garment visualization, enhancing **user experience**.
- Used **Mathematic modeling** concepts, including **Linear Programming** ideas and **Nonlinear** transformations with **Nonlinear Optimization** to improve visual accuracy.

INTERNSHIP & EXPERIENCE:

- **Web Deveopment Intern - Astroweb Solutions (JUL 2025)**
Completed a **Web Development Internship** at Astroweb Solutions, creating responsive and **SEO-friendly** websites using **HTML**, **CSS**, and **JavaScript**, Worked in a fast-paced **Agile Environment** and demonstrated Adept execution while **Articulating** technical updates.
- **Fullstack AI Engineer(Software developer) – Techmango (DEC 2025 - MAR 2026)**
- As an Fullstack developer at Techmango, developed an websites and apps using **MERN stack integrating AI**.
- Contributed to **Computer Engineering** initiatives using **Innovative Technology**, and supported scalable services with **Distributed Storage**, **Fault Tolerance**, and **Relational Databases**.

CERTIFICATIONS

- Python Programming - Infosys Springboard
- Java - Infosys Springboard
- AI Tools - Udemey
- AWS cloud – Amazon
- Apex specialist– Salesforce

ACHIEVEMENTS AND PARTICIPATION

- **TN skills finalist** for **web development domain** organized by india skills and world skills.
- **Finalist** in **CODE RED'2024** Hackathon and **SIH participant**.
- Winner in Nadar Saraswathi College of Engineering and Technology **Intra College Hackathon**.
- Participated in **Dr.Kalam Awards 2025** organized by World Youth Federation.
